Sub: Payment of transportation charges on paddy for KMS 2016-17.

Ref: This office letter No.19064 dt.05.11.2016.

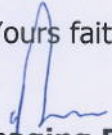

Sir,

Please refer to the instructions issued vide letter No.19064 dt.05.11.2016 from this office on payment of transportation charges on paddy from purchase centres to mill point. **The millers who have delivered entire CMR due of KMS 2016-17 by 30.09.2017 are only eligible to get transportation charges @ Rs.18/- p.q. for 1st 10 Kms** and the other millers are to be paid transportation charges @ Rs.15/- p.q. Please note that entire CMR due of KMS 2016-17 means CMR due out of paddy delivered to the miller in Kharif and Rabi combined together.

It has come to my notice that some districts have released transportation charges @ Rs.18/- p.q. even to those millers who have not delivered entire CMR by 30.09.2017. This is gross violation of guidelines of OSCSC Head Office resulting excess payment of transportation charges to the millers.

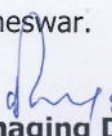

It is once again instructed to release transportation charges to the millers strictly as per instruction of OSCSC Head Office. Any excess payment made must be recovered immediately from the millers concerned and report compliance to Head Office. While submitting requisition of funds to Head Office for payment of dues of the millers, you must indicate the rates of the transportation charges on paddy due to the millers on the basis of which funds is being requisitioned.

Yours faithfully,
