Respected Shri Naveen Patnaik Ji,

Sir,

Attached kindly find our request letter for an appointment with your honour to appraise some of our main issues in the interest of survival and full fledged functioning of this labour oriented industry. **There are about 1500 Rice Mills in Odisha out of which more that 500 are situated in Ganjam District alone.**

We most humbly pray for allowing a delegation of our office bearers and members to meet your good self at such time and date as may be convenient to your honour. As the delegates will be coming from different parts of the State, an advance confirmation will be highly appreciated.

Thanking you and assuring full support of the entire Rice Milling Industry of our State in successfully implementation of Government schemes.
