Sub: **Selection of sites for CAP (Cover and Plinth) storage of paddy during KMS:2014-15.**

Ref: F.S & C. W Deptt. letter no.17630 dt.29.10.14.

Sir,

With reference to the subject cited above, I am to say that as per the instruction vide para 4 of the letter of F.S & C.W Department under reference, it has been stipulated that big market yards of RMCs with boundary / fencing and office space to be earmarked for starting CAP Storage from November / December'2014. Abandoned Krushak Bazzars not put to use may also be selected for CAP Storage purpose. It has also been mentioned that minimum 5000 MT paddy to be stored in a CAP Storage Centre. One stack (20 ft. x 30 ft.) will accommodate 120 MT of paddy. So 42 stacks are to be built to accommodate minimum 5000 MT of paddy in a CAP location. While identifying stack base, minimum space of 4 to 5 ft. to be kept from stack to stack and 20 ft. gap in between two sets of stacks for easy loading / unloading operation on free movement of vehicles.

It is therefore requested to make a field visit of RMC yards / Krushak Bazzars for identification of suitable sites. After identification, a report may be submitted to OSCSC Head Office as per the following format.

Sl. No.	Name of RMC campus / Krushak Bazaar identified	Approx. area in acre	No. of stacks to be accommodated (approx.)	whether boundary wall of any / all sides available or fencing is required to any / all sides	Whether office room is available or not
